Budgetted Panchayat works that lapsed in 1108.

44. Mr. T. A. Ramachandra Ayyar.—Will the Government be pleased to state the items of works sanctioned in the budget for 1108 for Panchayats which lapsed for non-execution and how such amounts were utilised?

Mr. P. V. Raphael.—A list containing the information is appended (*Appendix VI*).

Mr. T. A. Ramachandra Ayyar.—Why were these works allowed to lapse?

Mr. P. V. Raphael.—There were only about half a dozen works which lapsed. The first of those is filling in breaches of the pathway, Chennamangalam, costing Rs. 25. This work was attended to in another connection and therefore it was not considered necessary to do the work a second time. Therefore this allotment lapsed. The second item of work, viz., rock blasting Perambra well, costs only Rs. 23. In this case the unusually heavy rains of last year did not enable us to take up that work. So also in the case of item Nos. 3 and 4. In the case of item No. 5 the land acquisition was not completed. For items Nos. 6, 7 and 8 the same explanation holds good. Item No. 9 is widening the Vettikadavu road. There was very vigorous party opposition in Pazhanji to take up the work and in spite of the efforts of the Revenue Department and myself to bring about a compromise and to effect the acquisition the people would not peacefully allow us to proceed with the work and therefore we thought we would think of a re-alignment. The only other item is the Changarath Chira. There was no necessity to take up that work last year.

Mr. T. A. Ramachandra Ayyar.—Did the Registrar of Panchayats receive the Diwan's sanction to utilise the amounts for other works?

Mr. P. V. Raphael.—Yes, in all cases.

Panchayat roads not maintained in 1108.

45. Mr. T. A. Ramachandra Ayyar.—Will the Government be pleased to state the names of Panchayat roads, if any, which were not maintained in 1108?

Mr. P. V. Raphael.—A list containing the information is appended (*Appendix VII*).

Mr. T. A. Ramachandra Ayyar.—As many as 66 roads were not at all maintained in the year. May I know why it was done so?

Mr. P. V. Raphael.—It was chiefly on account of the pausity of allotments.
